

## 'HEAVEN'S GATE' IS NOT DEAD

'HEAVEN'S GATE' IS NOT DEAD TEN YEARS AGO: THE BEGINNING OF A SHOCKING ASCENSION. MARCH 26, 2007.

It's the ten year anniversary after our brothers and sisters at Heaven's Gate left this world behind to go onto bigger, better and brighter opportunities. The world, by their own ignorances, was shocked at the way they left this world. The new followers of Heaven's Gate give applause to their graduation to the Next level. Even though we don't have a commune and we exist around the world as individual vessels, we light candles in memory of the 39 and others who were here as positive influences at one time in getting the information out. We don't think about their empty vehicles (dead bodies) that are laying in beds with purple covers and Nike shoes. That's just plain ridiculous. The media obsesses over those images because they are ignorant of the Evolutionary Level Above Human. There are twelve of us world wide; not including former members, survivors, non vocal (quiet) believers and associates. Let us all look to the night sky at the Heavenly bodies and think of the Away Team that are cruising the vast universe with more important tasks and endeavors. Let us remember the good deeds they have done while they were here and the non judgemental approaches they took to scornful outsiders who ran them down. Let us remember the constant overcoming they took to shed themselves of human frailties and human desires that so plague this human kingdom. Let us also be reminded that humans who praise Lucifer will NOT see or hear the Kingdom of Heaven. Here's to "Ti", "Do", the Original 39, and the others who followed afterwards. We give applause to your actions and hope the best for your quests at the Next Level. Too bad the media will only think about your 'dead vehicles' on bunk beds. That's the media. Death, violence, rape and gore make the news. News media outlets are saying that Heaven's Gate is no longer around because most of its membership committed suicide and became extinct. They mention that Rio Di Angelo, who left the group just weeks prior to their exit, is the only surviving member. Let us clear some points. #1: Heaven's Gate IS NOT extinct. #2: The doctrines live on and are available for "anyone" to accept, follow and adhere to. #3: There are new individual members that are overcoming the human level now. #4: Rio is NOT the only surviving member- Crlody, Sawyer and several others are also survivors. This is what we dislike about the media. The media distorts facts. Heaven's Gate is not dead. Heaven's Gate is NOT extinct. Stop judging things at face value and from only one angle. Get it straight or don't even report. Websites today have not updated their articles on Heaven's Gate and still say that it is extinct. They know we are here but refuse to update their information.

"TO THE FAMILIES OF THE CLASS"

By: Spunkody

We can't relate to the pain all of you face after losing your loved ones to the Class who eventually left this world. The pain must be powerful. This hurts many of us here at Heaven's Gate. We don't wish to see anyone in pain. So, last year I suggested that all of us meditate for the families of the Class. We understand if they would hate us or our beliefs. We don't feel the same for them however, if they feel that way. There are all kinds of bad comments we get from angry people that say that we are stupid or try to imply that we have no concern for the emotional welfare of the families or life as a whole. This is not me or my brothers and sisters. We, the new believers at Heaven's Gate, give our condolences and prayers to all of the families of the Class members who left this world. We pray that they may one day heal and one day understand why the Class left. If they choose not to understand then we pray that they find peace in their lives. We love you all.

"STATEMENTS & QUESTIONS":

By: Weslody

TIMELINE: 1997 - 2007

"Heaven's Gate" is NOT dead. The message lives on. As the ten year anniversary came and went, we were reminded of the mass exodus that transpired in Rancho Santa Fe on March 20, 1997. What kind of mass exodus are we talking about here? We are talking about the mass suicide of 39 cult members of a UFO cult group that came under the identification of "Heaven's Gate". When the news broke out of the laying down of the vehicles, or, "mass suicide" (as the world of misinformation puts it), all kinds of publicity streamed across the global community like lightning. The world learned of the existence of a set of beliefs that transcended primitive human thinking. These sets of beliefs were unique to the awakening mind that searched for higher answers, higher possibilities, higher privileges and a superior state of mind and soul. As in the days of Jesus and earlier apostles, the result was often that of extreme persecution. Each apostle exposed a silent weapon to a quiet war. What is this "silent weapon" to a "quiet war"? Let us break this down.

(A): The Weapon Of Silence: This silent weapon is the force of Lucifer and his harmonizing agents which execute brute force over the sleeping inhabitants on a visible and invisible realm. Satan controls people through a comalike state, by which they involve themselves in routine abominations that are detestable to the eyes of God and even man. The Silent Weapon is control and conquest with the totally selfish idea that a participant, who rejects Next Level information, will enter the Kingdom of God after their vehicle expires. Think very carefully about that lie. How can they enter? Without accepting Next Level info, humans have no soul. It isn't until after they accept this belief as truth when a soul is planted into the human and they begin to rise 'above human'.

(B): The Quiet War: This quiet war is the invisible war that encases Satan and his empire. Their mission? To appear, through the most well dressed and well admired individuals, as spokesmen that condone the actions that are detestable to God and the Next Level. These actions of these spokespeople (totally asleep and/or ignorant of Next Level information) favor these vile acts and either murder with their tongues or rail with their actions. How does it feel to know that Satan, the leader and ruler of this world, has the power to absolve these individuals? These Satanic spokesmen even work in various organized religions as 'so-called' next level spokesmen, telling people to serve God or Jesus through past dispensations as today's fruitful revelations. These misinformed Christian religions program their people through doctrines of 'man' and 'money' instead of doctrines of the Bible itself. They quote Paul, since most of the New Testament (the Greek Scriptures) comes from Paul's mouth. Paul never fellowshiped with Jesus- Yet people quote him. Then these men, while screaming over the pulpit, tell their people to go out and murder their neighbors in the name of God & Humanity by serving in a military. While speaking in tongues and vibrating hands they tell their people to have families and live with lots of money, while living in a sinful state. Look at the schematics of this "quiet war".

Politics, organized religions and governments. Through Satan they are to seize and control the minds of their slaves through unscriptural laws, books, television shows, perverted radio programs, news papers and the internet. All Christian Protestant, Evangelical or Episcopal movements and others related, all Christian Catholic movements and others related are used to prey on those who choose spiritual lifestyles. These preachers or clergymen threaten their followers with eternal damnation or hellfire IF they don't be a slave on Earth OR if they leave this world on their own accord. With so many Christian religions out there, we can freely say that God can't be with them- God is NOT an author of confusion. Who is the author of confusion? I think you know the answer to that query. Look at the world today. What is it full of? It is full of all types of violence and all types of rape. These people will not survive the spading under process. The only way to survive, if they already heard of us, is to heed our warning and convert to Ti & Do's teachings.

Go to the original Heaven's Gate website that is listed in the links area on our home page. On the original website, Do (Doe) talks about three types of believers that can possibly survive the spading under. We are NOT saying to go out and drop your vehicles (suicide) as the internet communities have so tried to and are still trying to say. When it comes down to dropping ones own vehicles to leave this world, we can't stop people if they elect this option. But, we believe that if they do elect and engage in this option, it is entirely up to them and the Next Level (The Evolutionary Level Above Human). We're not saying to leave this world or stay. You decide, on your own what to do. If you leave this world, you may be put on ice- you may not. We don't truly know. Nobody who rejects the Next Level information will enter the Kingdom of God. And as far as suicide goes? The world should look at themselves. The world is a sinking ship and had its chance to board a craft in 1997. They blew it- they rejected a rescue attempt by the Next Level and continued to verbally maim "Heaven's Gate" with lies and colorful insults. They are the ones who are committing suicide by staying on a burning and sinking ship. Earth? Died a long time ago, people. Only the animals, plantlife, the hills, oceans, mountains etc. are beautiful- they were created by God and the Next Level laboratory. But as far as ownership of the Earth is concerned, your 'Earth' is owned and operated by Lucifer. Read your Bible and see for yourself who truly owns this world. Tell us where Jesus said to "get rich with money, have booming families, live like a selfish king and still enter Heaven". Show us. Tell us where. Show us where Jesus, the one so many people follow as an example, was ever married and had kids. We follow the red letters in the Bible- what Jesus says. You follow the black letters- what Paul says.

Now, those of you, or the ones you know, might ask whether or not you stand a chance of entering our Father's kingdom (at a later date) by attaining Next Level information. Attaining even a sliver of information and accepting it will put you in a better light. We don't see why not. Read the original "Heaven's Gate" website and order the "Beyond Human" series from that website if you can contact the webmaster. The spaceship that trailed hale Bopp came and went in 1997. The away team boarded that ship. If you or others never heard of it, that isn't your fault- you hardly stood a chance. The reason was because Satan covered your mind with misinformation and kept you busy so you couldn't hear about the Next Level information. Those that were too young to understand or never heard of Heaven's Gate will be spared if they take in Next Level information now or in the near future. Now would be better. This is of great concern to us at Heaven's Gate. Don't think for a moment that I take pleasure in saying these apocalyptic sermons. I'm trying to tell you to wake up and smell the roses. You exist in a matrix. Break free as Neo did and be the One.
